## Captra Chandelier By Visual Comfort Modern

### Description

The contemporary Captra Chandelier features LEDs set inside detailed metal spinning and encased in sleek glass cylinders. Its versatile monorail-like design is a low voltage system of lights suspended from thin rails, where the lights can be added, removed, or moved around to customize the arrangement. Two power supply (transformer) options are available: Remote: Includes an ELV power supply to be installed in an accessible remote location and a low-profile canopy. Surface: Includes an ELV power supply located in the canopy.
