Eaves Linear Chandelier

By Visual Comfort Modern

Description

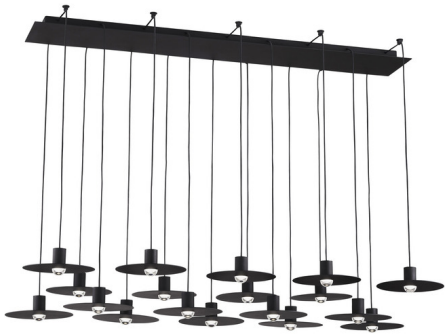

The Eaves Linear Chandelier features simple yet striking individual lights, each made of a flat metal disc placed over a round acrylic optic. They can be hung at a uniform level or staggered in height for a dramatic effect. Place this piece in a living room or over a dining table to make a distinctive contemporary statement. 120V: TRIAC and ELV dimmable. 277V: 0-10V dimmable. Plugs are included to cover any unused canopy ports. The Natural Brass is a living finish that will patina over time. If it becomes uneven or spotty, a brass cleaner can restore the finish. The Eaves series is part of the Trellis collection which represents modern, minimalist lighting in its purest form. Note: The Natural Brass chandeliers require a junction box rated for fixtures weighing over 50 pounds.
