Guyed Linear Chandelier By Visual Comfort Modern

Description

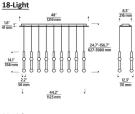

The Guyed Linear Chandelier offers a striking modern look with its distinctively shaped individual lights. Each is made of a slim vertical metal tube and sphere with a matching spherical crystal optic at the tip, emitting a bright glow of LED light. The metal sphere can be positioned anywhere along the tube or removed. Hang the lights at a uniform height or stagger them for a dramatic effect. The Guyed is the perfect contemporary statement piece for a living room or dining area. 120V: TRIAC and ELV dimmable. 277V: 0-10V dimmable. Plugs are included to cover any unused canopy ports. The Natural Brass is a living finish that will patina over time. If it becomes uneven or spotty, a brass cleaner can restore the finish. The Guyed series is part of the Trellis collection which represents modern, minimalist lighting in its purest form. Note: Requires a junction box rated for fixtures weighing over 50 pounds.
