Hanea Mini Chandelier

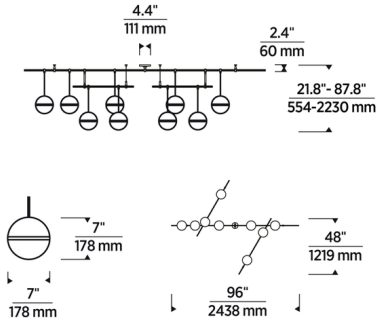

By Visual Comfort Modern

Description

Inspired by mid-century design, the Hanea Mini Chandelier celebrates spherical geometry with acrylic globes accented by thin metal bands. Its versatile monorail-like design is a low voltage system of lights suspended from thin rails, where the lights can be added, removed, or moved around to customize the arrangement. Use this unique fixture to brighten up a living room, dining area, or office. Note: An ELV power supply is included and must be installed in an accessible remote location.

Shown in natural brass / white

Specifications
