Linger Mini Chandelier

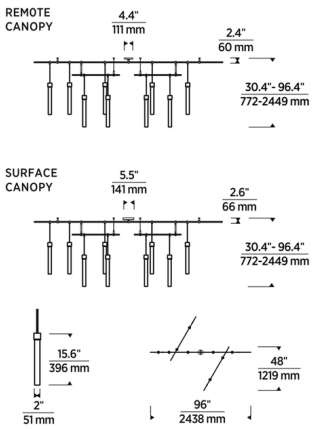

By Visual Comfort Modern

Description

The Linger Mini Chandelier features elegant crystal pipes, each fitted with an inner diffuser that adds dimension while dispersing the LED light. In this versatile monorail-like low voltage system, the lights hang from thin rails and can be added, removed, or moved around to customize the arrangement. Use this unique fixture to bring illumination and style to living rooms, dining areas, and offices. Two power supply (transformer) options are available: Remote: Includes an ELV power supply to be installed in an accessible remote location. The low-profile canopy offers a minimal look. Surface: Includes an ELV power supply located in the canopy.

Shown in natural brass / clear
