## Turret Linear Chandelier

By Visual Comfort Modern

### Description

The Turret Linear Chandelier is a modern suspension of lights that brilliantly illuminate your space while minimizing glare. Each light is a clear crystal optic that tapers elegantly to a point, complemented by a metal cone top. They can be hung at a uniform level or staggered in height for a dramatic effect. Place this fixture in a living room or over a dining table to make a striking contemporary statement. 120V: TRIAC and ELV dimmable. 277V: 0-10V dimmable. Plugs are included to cover any unused canopy ports. The Natural Brass is a living finish that will patina over time. If it becomes uneven or spotty, a brass cleaner can restore the finish. The Turret series is part of the Trellis collection which represents modern, minimalist lighting in its purest form. Note: The 27-light chandelier requires a junction box rated for fixtures weighing over 50 pounds.

### Specifications
