## Turret Chandelier

By Visual Comfort Modern

### Description

The Turret Chandelier is a modern suspension of lights that brilliantly illuminate your space while minimizing glare. Each light is a clear crystal optic that tapers elegantly to a point, complemented by a metal cone top. Hang them at a uniform level or stagger them in height for a dramatic effect. This chandelier makes an elegant contemporary statement in your entryway, living room, or dining area. Includes a 120-277V driver, dimmable with a TRIAC or ELV dimmer. Plugs are included to cover any unused canopy ports. The Natural Brass is a living finish that will patina over time. If it becomes uneven or spotty, a brass cleaner can restore the finish. The Turret series is part of the Trellis collection which represents modern, minimalist lighting in its purest form.
