Plural Faceted Picture Light By Visual Comfort Modern

Description

The Plural Faceted Picture Light is a sleek, modern light with a slim multi-sided profile. The head pivots 35 degrees for adjusting light direction, and the clean design works well in any space to beautifully illuminate your artwork. A universal 120-277V driver is included, dimmable with a TRIAC, ELV, or 0-10V dimmer. A junction box and three mounting options are included: Minimal matte white backplate that sits flush with the wall and can be painted or wallpapered to match the wall, for the most minimal look. Use with included mud-in plate. Minimal backplate with finish matching the fixture that sits flush with the wall. Use with included mud-in plate. Larger backplate that sits on the wall surface.
