Collier Wall Sconce

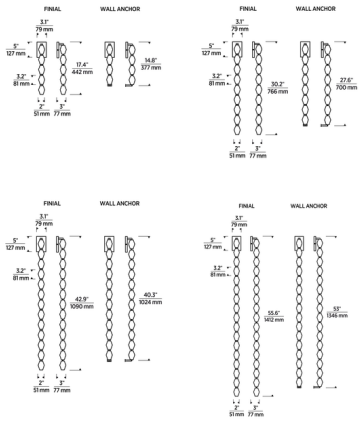

By Visual Comfort Modern

Description

The Collier Wall Sconce exudes luxury and sophistication. Solid crystal elements made in the Czech Republic are linked together and brilliantly illuminated by integrated LEDs, creating a beautiful column of light. It can hang freely with the included finial attached to the end, or the end can be anchored to the wall using the included standoff. This eye-catching piece makes a stunning statement in any residential or commercial space. A universal 120-277V driver is included, dimmable with a TRIAC, ELV, or 0-10V dimmer. The Natural Brass is a living finish that will patina and warm over time, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish. Note: This sconce can mount to a standard junction box using the included goof plate, or a 2 x 4 inch junction box with or without the goof plate.

Shown in natural brass / clear

Specifications
