## Clizia Pendant By Slamp

### Description

The Clizia Pendant features regular lines of numerous squares of Opalflex clustered into an intricate weave of texture and style. Just as a cloud captures sunlight and radiates iridescent reflections, Clizia brings a romantic glow reminiscent of the early hours of dawn. Regular shapes, embedded in a perfect balance of transparencies and smoky reflections create a design that appears chaotic, but in reality is naturally harmonious. Available in two sizes with a White canopy and transparent cable.

Shown in white / orange
