## Kable Lite Center Power Feed Single Feed

By Visual Comfort Architectural

### Description

Center Power Feeds are generally used to bring power to a Kable Lite system when the transformer or canopy cannot be located directly above the run. The center power feed can be used anywhere within the run and includes a removable 4 inch round canopy and 12 feet of field-cutttable softwire leads. This product can mount to either a 4 inch square electrical box with round plaster ring or an octagon electrical box (not included), directly to a remote transformer, or to a Kable Lite Surface Transformer (sold separately). Available in Satin Nickel finish.

Shown in satin nickel / clear
