Description

The Brilliance 2 Watt 12V MR8 G4 Bi-Pin is designed to fit in standard low voltage MR8 fixtures. These LEDs are thermally engineered to operate in enclosed fixtures and provide added security by automatically cooling down and reducing lumen output when exposed to extreme heat. Available with a variety of beam angle options in static white color temperature and Amber (30 degree only). Equivalent to a 10 watt halogen. Dimmable with Brilliance Dimmer and most low voltage magnetic transformers. Note: Sold as a 20-pack.
