Description

The Brilliance 7 Watt 12V MR16 GU5.3 Bi-Pin is designed to fit in standard low voltage MR16 fixtures. These LEDs are thermally engineered to operate in enclosed fixtures and provide added security by automatically cooling down and reducing lumen output when exposed to extreme heat. Available with a variety of beam angle options in static white color temperature. Equivalent to a 50 watt halogen. Dimmable with Brilliance Dimmer and most low voltage magnetic transformers. Note: Sold as a 10-pack. Note: Limited beam angle options available for 5700K color temperature.
