Wi-Fi Smart Socket 3.0

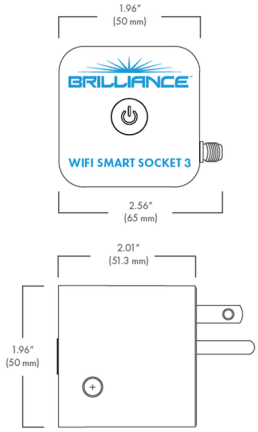

By Brilliance

Description

Transform any outlet or mechanical timer into smart lighting control with the Brilliance Wi-Fi Smart Socket 3.0. Simply plug into any standard 120 VAC outlet for true plug-and-play functionality. Scan the QR code and connect through the app instantly The Brilliance Wi-Fi Smart Socket 3.0 is designed specifically to pair with a landscape lighting transformer in lieu of a traditional photocell, however you can also use it in outdoor enclosures for lighting and decor. Unlock remote control landscape lighting and electronics from anywhere in the world with the Brilliance Smart app. This smart plug connects directly to your smartphone app, giving you instant control whether you're on vacation or just across town. Simply tap your screen and watch your entire outdoor lighting system respond immediately. Never worry about coming home to darkness or accidentally leaving lights on for weeks again. The smart socket plugs seamlessly into any standard outlet and is fully compatible with your existing landscape transformer. Compatible with third party controls like Alexa and Google Assistant. Android and iOS compatible.
