Arches Outdoor Directional Downlight 12V

By Brilliance

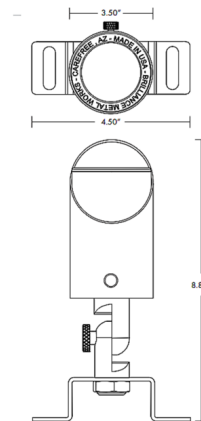

Description

The Arches 12V Outdoor Directional Downlight is designed for surface mounted uplighting and downlighting. Features an adjustable glare shield and the Brilliance Metal Works signature adjustment system which allows for 22 points of articulation of the knuckle in 10 degree increments. Machined copper and brass finishes offer a living finish that weathers over time to a unique patina. Black brass finish with Cerakote series ceramic coating offers superior corrosion resistance, durability, chemical resistance, and thermal stability. Offered in a with or without bulb option. Fixture includes a Lighting Shrink Professional Crimp and Heat Shrink Cable Connector and Stainless Steel mounting canopy. Note: Required 12 volt low voltage magnetic transformer sold separately.

Shown in copper
