## Bryce Perforated Outdoor AR11 Downlight Pendant 12V

By Brilliance

### Description

The Bryce Outdoor 12V AR11 Perforated Downlight Pendant is designed for outdoor downlighting techniques in trees or architecture by hanging on a chain or cable. Machined copper and brass finishes offer a living finish that weathers over time to a unique patina. Black brass finish with Cerakote series ceramic coating offers superior corrosion resistance, durability, chemical resistance, and thermal stability. Offered in a with or without bulb option. Hang the fixture from a secure stainless steel eye bolt, with or without a chain. Fixture includes a 24 inch watertight cable connector lead (electrical cable supplied by others). Note: Not intended for hardwire installation (no canopy included). Required 12 volt low voltage magnetic transformer, and optional chain or cable (by others) sold separately.

Shown in black brass
