Roswell Outdoor Solar Path Light

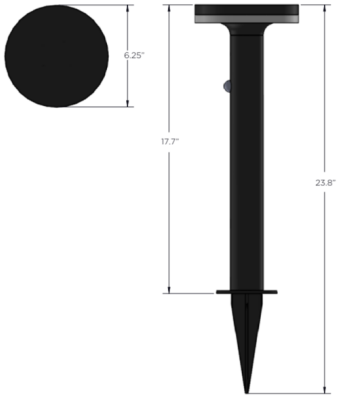

By Brilliance

Description

The Roswell Outdoor Solar Path Light is a solar energy-powered path light designed for areas with full sun that need a solar powered landscape light and motion detection.Features three modes of motion dim: Constant Dim light (30 lumens), Standby (200 lumens for 25 seconds), Motion (300 lumens for 25 seconds), or on/off. Mono-crystalline solar panel with 3.7V MnNiCo battery included. Fixture can be mounted in ground with included stake or deck mounted to wood or composite deck material with included base. Note: Choose areas with full sun. When possible, direct the solar panel to face the south. Do not install this product in a heavily-shaded area. Be sure there is no ambient light from any other light source directed at the solar panel during the evening hours.
