Oblique Floor Lamp By FLOS

Description

Discover focused illumination and sleek, modern styling with the Flos Oblique Floor Lamp, an ideal companion for providing comfortable reading light next to a favorite chair or sofa. This minimalist floor lamp features an integrated LED that cleverly delivers light at an angle, effectively obscuring the light source from view and significantly reducing glare, ensuring superior visual comfort for prolonged use. For added convenience, it is available with or without a USB-C port on the base for effortlessly charging external devices. Control is intuitive and seamless, with a discreet touch dimmer switch located directly on the shade, allowing you to fine-tune the brightness to your exact preference. Crafted from durable die-cast aluminum and high-quality methacrylate, the Oblique Floor Lamp is a blend of sophisticated design and functional precision, perfect for any contemporary reading nook or living area.
