Almendra Linear Pendant

By FLOS

Description

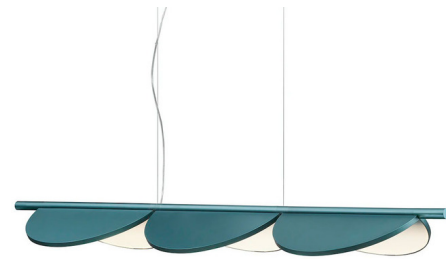

Discover the elegant modularity and sustainable spirit of the Flos Almendra Linear Pendant. The sophisticated form of this fixture is inspired by the natural beauty of almond tree branches, translating organic lines into a contemporary lighting solution. In addition to its nature-inspired shape, the Almendra demonstrates a commitment to the environment by incorporating polycarbonate material derived from byproducts of papermaking, showcasing a conscious approach to material sourcing. Each of the pendant's leaf-shaped shades discreetly houses integrated LED light sources, providing powerful yet beautifully diffused illumination. These individual elements offer remarkable flexibility, as they can be rotated in 60-degree increments to deliver either upward or downward lighting, allowing you to customize the light direction to perfectly suit your space and task. Almendra's versatile design will illuminate any contemporary interior with refined elegance. The canopy is available in a clean matte White finish or with a Primer option, enabling it to be field painted to match your ceiling seamlessly. It mounts easily to a standard US junction box and offers comprehensive dimming capabilities, compatible with ELV or TRIAC dimmers at 120V, and 0-10V dimmers for 120-277V systems.

Specifications

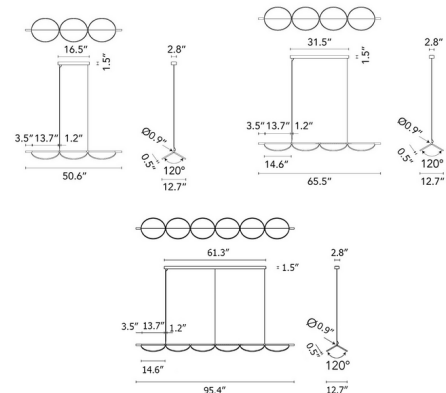

COLOR Bay Blue Metallized
BODY FINISH White
WATTAGE 45W
DIMMER 0-10V
DIMENSIONS 50.6"L x 12.7"W x 7.3"H
INTEGRATED LED MODULE 3 x LED/15W/120-277V LED

Technical Information

COLOR RENDERING 95 CRI
LAMP COLOR 2700K
LUMENS/WATT 280.00
LUMINOUS FLUX 4200 lumens

Shown in white / bay blue metallized
