Freedom Task Chair By Humanscale

Description

The Freedom Task Chair, created by Niels Diffrient, automatically adjusts to every user. Designed to eliminate the need for manual controls, it features a sophisticated weight-sensitive, self-locking recline mechanism and cushioned armrests. Its refined and sculpted cushions were designed to mimic the body's natural contours and decrease pressure point loads for premium comfort. And its unique form has a timeless aesthetic that complements any workspace.

Shown in graphite / black corde stretch fabric
