Path Task Chair By Humanscale

Description

The Path Task Chair contains a mechanism that uses gravity and the sitter's own bodyweight, that when you recline, it gently lifts, so your body becomes the counterbalance to the chair, and is firmly supported wherever it stops. This creates a custom fit chair that provides streamlined support and adjusts automatically and moves completely in sync with you. To complete the ergonomic design, the Path chair was developed with recyclable FormSense Eco Knit, a mesh-like textile where each stitch is individually controlled and creates patterns with targeted zones of tension to create a beautifully responsive experience. Adjustable armrests and chair height.

Shown in light grey / dark grey / black revival knit

Specifications

COLOR	Black Revital Knit
BODY FINISH	Light Grey / Dark Grey
WATTAGE	N/A
DIMMER	N/A
DIMENSIONS	24.41"W x 39.76"H x 25"D
BULB	N/A
