LZF

DESCRIPTION

Concentrate or disperse light over your favorite area of the home with the radiant and full-of-character Lens Oval Table Lamp by LZF. Two concentric ellipses, the first made from wood veneer and, the second made from metal and creating a decorative and clever handle, lend this piece an enviably modern look. Whether you place this dimmable LED table light lamp on a work table or next to the bed, the result is similar: it joyfully radiates a beaming smile of light.
