Adan Nano Glossy Planter

By Vondom

Description

The Adan Nano Glossy Planter, designed by Teresa Sapey, surprises us with this planter that is filled with a lot of personality, and a shape which is faceted, like that of a diamond. More than objects, they are multifunctional architectural pieces. Besides being used as vases, they can be used as seats, flower pots, and auxiliary tables. They are lifestyle objects that create a stir, fitting in with any style and are made of materials that allow for both outdoor and indoor use.
