## Pacha Outdoor Sofa with Ottoman By Gubi

### Description

When designing the Pacha Sofa and Ottoman, Pierre Paulin aimed to create the sensation of sitting on a cloud. The Pacha Sofa features an exceptionally comfortable design with plush seats and back and an organically curving silhouette atop a round base. An ottoman with a coordinating design is included and can be used as an additional seat or footrest. This set has been specifically crafted for outdoor use with an interior membrane between the foam cushion fill and fabric that is both water-resistant and breathable, allowing the pieces to dry quickly after exposure to rain. The bases are crafted from a moisture-resistant material to hold up under humid conditions. The sofa is available in 2, 3, or 4 seat configurations with armrests on each end.
