Pacha Outdoor Swivel Lounge Chair By Gubi

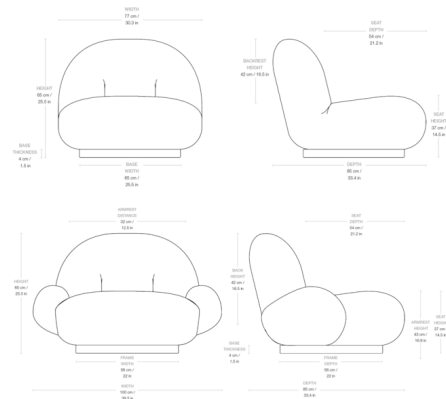

Description

When designing the Pacha Lounge Chair, Pierre Paulin aimed to create the sensation of sitting on a cloud. Pacha features an exceptionally comfortable design with a plush seat and back and an organically curving silhouette atop a swivel base. The chair has been specifically crafted for outdoor use with an interior membrane between the foam cushion fill and fabric that is both water-resistant and breathable, allowing the chair to dry quickly after exposure to rain. The base is crafted from a moisture-resistant material to hold up under humid conditions.
