Pacha 3-Seat Outdoor Sofa By Gubi

Description

When designing the Pacha Sofa, Pierre Paulin aimed to create the sensation of sitting on a cloud. Pacha features an exceptionally comfortable design with plush seats and back and an organically curving silhouette atop a round base. The sofa has been specifically crafted for outdoor use with an interior membrane between the foam cushion fill and fabric that is both water-resistant and breathable, allowing the sofa to dry quickly after exposure to rain. The base is crafted from a moisture-resistant material to hold up under humid conditions. Available with no armrests, endpiece armrests (without armrests between seats), or with armrests on each end and in between each seat. Note: The Lorkey fabrics are not available with armrests between seats.

Shown in moss gray / outdoor chevron 022
