Caribe Chic Marble Side Table

By Ames

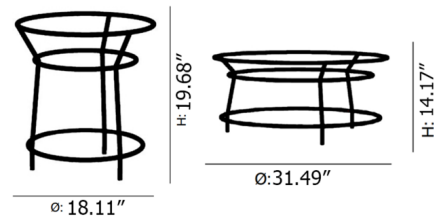

Description

Each Caribe Chic Marble Side Table is made in Santa Marta, a city on the Caribbean coast of Colombia, by local craftspeople. They weave the PVC strings, which are made from recycled plastic, around a powder coated tubular steel frame. The weaving technique the artesanos and artesanas use is called Momposino, a traditional method known for intricate patterns. The table top comes in three different types of fine Italian marble.

Shown in terra black finish / verde marble top
