The sleek Bankers Table Clock was designed in 1971 specifically for the National Bank of Denmark. In 1978, when the building was complete, the Bankers Clock was given pride placement in the 65.6 ft. high foyer. This unique table clock expresses Danish design in a neutral, yet richly detailed fashion. It will be the perfect decorative and minimalistic design piece for your interior. The table clock's features include an alarm, snooze and light sensor. The third hand of the clock is used to set the alarm.Requires 2 AA batteries.
