Fly Wall Sconce

By Contardi

Description

The Fly Wall Sconce features a sleek silhouette with a bold presence. A slim metal bar houses two LED light strips that provide both direct and indirect lighting. Fly's distinctive shape serves as a luminous sculpture, especially when installed in multiples. Phase cut/TRIAC dimmable. Two driver location options are available: Canopy Driver: Driver is installed in the canopy mounted on the wall. A 4.9 inch square cover plate is included for covering the junction box. The cover plate has a white lacquered finish and can be painted over to match your space. Remote Driver: Driver is installed in a remote location, offering a minimal look on the wall. Does not mount to a standard 4 inch junction box.
