Fly Wall Sconce By Contardi

Description

The Fly Wall Sconce features a sleek silhouette with a bold presence. A slim metal bar houses two LED light strips that provide both direct and indirect lighting. Fly's distinctive shape serves as a luminous sculpture, especially when installed in multiples. TRIAC dimmable. Two driver location options are available: Canopy Driver: Driver is installed in the canopy mounted on the wall. A 4.9 inch square cover plate is included for covering the junction box (not pictured). Remote Driver: Driver is installed in a remote location, offering a minimal look on the wall. Does not mount to a standard 4 inch junction box. Note: The 94.5 inch size is only available with Canopy Driver and Brushed Bronze Nickel or Satin Gold Nickel finishes.
