Post Storage Cabinet

By Ferm Living

Description

Inspired by brutalism, the Post Storage Cabinet plays with volumes to present a remarkable storage solution with elaborate details that draw you in. Made from FSC Mix-certified wood, the cabinet feature striped wood detailing in oak veneer that has been achieved through an intricate and time-consuming carpentry technique known as marquetry. Preserving the simple, artful expression of the striped front, the cabinet doors are opened and closed with a hidden mechanism to avoid any visible handles, while 2 shelves allow for storage.
