Lucifer Lighting

DESCRIPTION

The CM1 Adjustable Monopoint Spot Light offers excellent performance in a sleek, streamlined package. An innovative design with an elbow built into the fixture body allows the cylinder to be adjusted 90 degrees to direct the spotlight precisely where it is needed. Can be mounted on wall or ceiling. Mounts to standard 4 inch junction box in remodel applications with surface canopy, or in new construction with 2.5 inch canopy and universal junction box mounting plate which attaches to junction box before ceiling substrate is installed. Integral driver dimmable with ELV / Triac dimmer. Includes soft focus lens. Note: Warm Dim color temperature available in 40 degree beam angle option only.

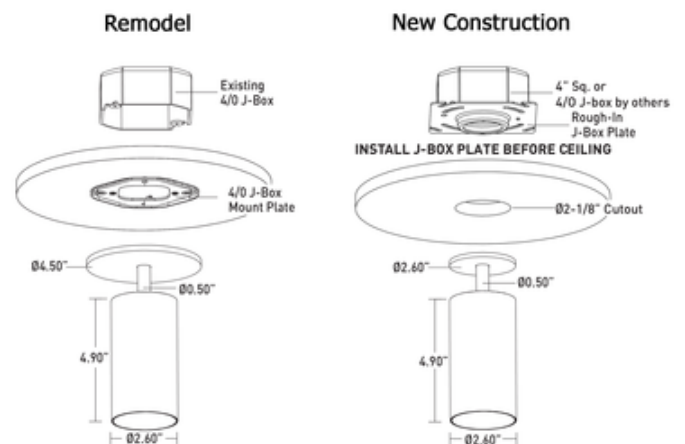

Shown in: Brushed Cast Brass / Black Baffle
