Culver Plug-In Wall Sconce By Nova of California

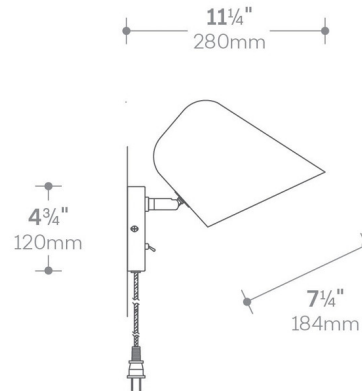

Description

The Culver Plug In Wall Sconce is inspired by a vintage lamp shade discovered at the historic Culver Hotel, reinterpreted through a modern mid-century lens. Featuring a minimalist metal shade and structure, this refined piece brings a sleek, functional elegance to any space. The embedded LED module delivers soft, glare-free light through reflective design, while the adjustable shade lets you direct light exactly where you need it. On/off switch on backplate.

Shown in brushed brass
