Meta Up/Down Pendant

By OKT Lighting

Description

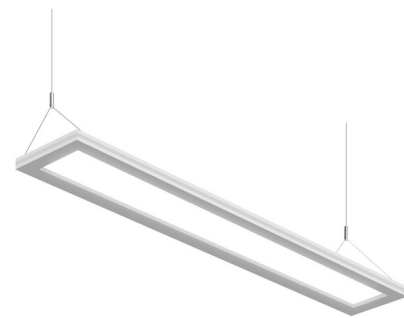

The Meta Up/Down Pendant is a modern linear suspension that offers a space-filling uplight and downlight. Due to the unique transparent optics, there is no visible light source when the light is off. An aluminum frame and high-precision PMMA light guide panel come together to form the low-profile silhouette, integrating well into offices, hotels and other commercial settings. Integral Class 2 high efficiency LED driver with standard 0-10V dimming. Includes 5 foot power feed cable and aircraft cables. Note: Accessory kit for drywall or grid ceiling sold separately.
