## CES Commercial Wattage-Select Downlight with Remote Driver By OKT Lighting

### Description

The CES Wattage Select Light Engine offers high-performance LED illumination suitable for commercial and public spaces. When combined with the reflector trim (sold separately), it can be used in remodel applications, or the optional new construction housing can be added for use in new construction applications. A remote driver is included. Wattage can be set to 50W, 65W, or 80W. Note: The reflector trim pictured is not included. Note: A complete fixture requires a light engine and a 6, 8 or 10 inch reflector trim, sold separately.
