

BRAND Resident Lighting

DESCRIPTION

The Ghost Pendant offers a sleek, minimalist design with an elegant expression. The pendant houses an integrated LED light source that shines downward through a pair of borosilicate glass cylinders and illuminates the rims to create the illusion of rings floating in air. Whether hung as a single pendant or arranged in a group of multiples, the Ghost will create a striking display in any space. Note: Includes a remote 24V XLG constant current driver which must be placed in a remote accessible location near the pendant.

Shown in: Matte Black / Clear
