Poldina Pro Lido Rechargeable Table Lamp

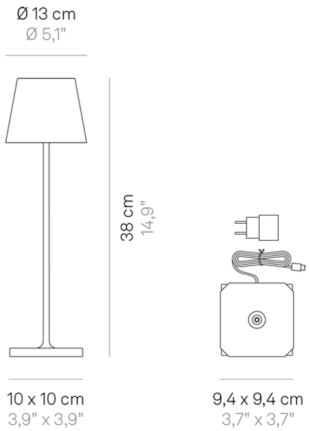

By Zafferano America

Description

The Poldina Lido Rechargeable Table Lamp offers playful colors and patterns inspired by summertime trips to the beach. The tapered shade is crafted from ceramic with a polycarbonate diffuser to softly disperse light from the integrated LED. A rechargeable battery powers the lamp, making it portable, allowing it to be easily relocated wherever additional lighting is needed.A 0-100% touch dimmer switch is located on the top of the lamp. Quickly tapping the button allows the lamp's color temperature to be switched between 2200K, 2700K and 3000K (234-251-256 lumens). Battery life about 12 hours at full charge. Charging time approximately 6-7 hours. Contact charging base and cord are included. Suitable for indoor/outdoor (IP65) use.

Shown in avio blue / fish
