Wallace Wall Sconce

By Adesso

Description

With its clean style lines and monochromatic metal construction, the Wallace Wall Sconce is a perfect complement to industrial decor. For symmetrical design, pair two of these sconces on either side of beds, fireplaces, or mirrors or place individually in entryways or other spaces for a pop of light. The large round black metal shade has a clean silhouette that leaves the bulb exposed and the interior of the shade features an accent color of gold finish that imbues the light. The base of the lampshade also features an articulation point, allowing you to direct the light wherever it's needed. On/off switch on backplate.

Shown in black / black / gold
