Patrick Floor Lamp

By Adesso

Description

The Patrick Floor Lamp offers versatile lighting while blending industrial, modern chic, and mid-century modern design for the perfect addition to your space. Featuring a mix of metal finishes, the round black base leads to a black tube that transitions to a slim, antique brass stem. For a distinct look and versatile lighting options, the desk lamp features dual lampshades, the main light in black metal and the smaller lampshade is constructed of frosted glass. For multifunctional lighting options, the lamp head can be pivoted both up and down and side to side, allowing you to direct the light wherever it's needed. A rotary switch located on the lamp base allows you to set the best lighting for your needs: only the main light illuminated, only the LED light illuminated, or both illuminated together. Note: The small glass lampshade includes a 3W LED bulb and the main lampshade requires a 40 watt medium base incandescent bulb.

Shown in black / brass / black
