Oscar Wall Sconce

By Adesso Corp.

Description

Combining monochromatic metal construction and antique brass accents, the Oscar Wall Sconce brings a mid-century modern look and finish to your space. For symmetrical design, pair two of these sconces on either side of beds, fireplaces, or mirrors or place individually in entryways or other spaces for a pop of light. The metal cone-shaped shade is ringed with holes to add unique lighting patterns to your room. While the brass stem is fixed, the base of the shade features an articulation point, allowing you to rotate the shade up or down and side to side to direct the light wherever it's needed.
