5 Light Floor Lamp

By Adesso Corp.

Description

The 5-light Floor Lamp brings you maximum lighting with a minimal footprint. Crafted of black metal, a 10in round base supports a tall, thin matching pole and five black arms that can be adjusted, bent, or intertwined to form any number of shapes and redirect the light as needed. Each arm finishes with a tapered cone shade made of white acrylic with an antique brass base. A variety of lighting options is controlled by the 4-way rotary switch discreetly located at the top of the pole. Rotary switch allows for 2 lights on, 3 lights on, all on, or all off.

Shown in black / antique brass / white
