

BRAND Aero Pure

DESCRIPTION

The AP200DH-S Exhaust Fan with Humidity Sensor is a quiet IC-rated bath fan suitable for new construction or remodel applications. Its low-profile grille in a range of contemporary easy-care finishes offers design flexibility, working well with any interior style. The energy-efficient brushless DC motor delivers an airflow of 200 CFM, well-suited for unfogging mirrors in larger bathrooms. An integrated humidity sensor can turn the fan on when humidity rises above a level set by the user (30-80%). The fan has rust-proof steel motor housing, a built-in backdraft damper and thermal shutoff. It is designed for ceilings with at least 8 inches of clearance. Includes articulating expandable anti-vibration brackets and a connector for 6 inch ducts. ETL listed for use in a tub or shower enclosure when GFCI-protected.
