Colt Single Wall Sconce

By Bert Frank

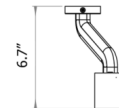

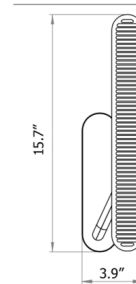

Description

The Colt Single Wall Sconce features a pure, linear design with an asymmetrical twist. This oblong wall sconce features gentle curves with an angled arm available in left or right orientations. An opal acrylic diffuser set behind the slotted grille reduces glare from the integrated LED and gives the piece a sleek, industrial vibe. Integrated LED driver dimmable with TRIAC dimmers. Note: Includes mounting plate to cover standard 4 inch US junction box. Note: UL certification is available upon request for an additional charge. Please contact our sales team for assistance.

Shown in brushed brass / opal
