## Kernel Table Lamp

By Bert Frank

CE

### Description

The Kernel Table Lamp is defined by its clean, linear design and repetition of simple, geometric shapes. A pair of opal glass globes provide a contrasting shape to the lamp's rectangular frame and direct light both up and downwards. The bottom of the lampshade is covered by a laser cut brass diffuser, with curved slots echoing the globes' curves. On/off switch located on cord.

Shown in brass / black
