Pennon Pendant

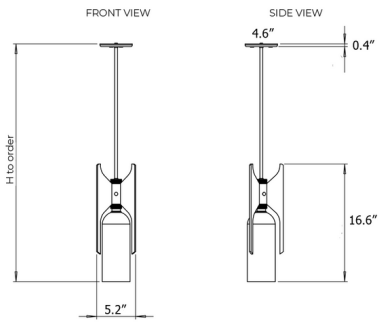

By Bert Frank

Description

The Pennon Pendant possesses an elegant silhouette that will add a sophisticated touch to any interior. Pennon features a cup-shaped frosted glass shade surrounded by a trio of fins atop. Light is directed downward from the pendant, as well as outwards to produce a warm glow through the translucent bone china. The odd number of fins is a nod to mid-century design, when many tables and lamps featured odd numbers of legs.Note: The Overall Height from the ceiling to the bottom of the fixture is not field adjustable and must be specified to order, up to 60 inches. Please include your desired overall height in the Additional Instructions / Notes section during checkout.
