Rift Wall Sconce

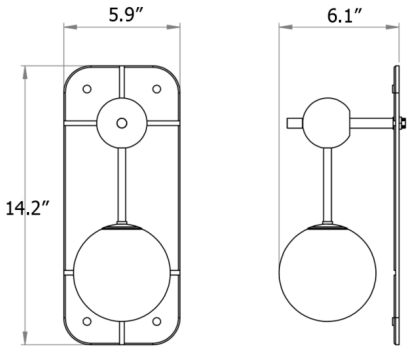

By Bert Frank

Description

The Rift Wall Sconce offers a clean and crisp design that highlights the intriguing juxtaposition of brass's warm earthiness and the luminosity of opal glass. These contrasting materials are brought into balance with a simple silhouette consisting of two spheres in front of a rectangular backplate. Cut-in geometric details on the backplate complete the look with a symmetrical, modern accent. IP44 rated for damp locations.

Shown in brushed brass / opal
