Spate Pendant

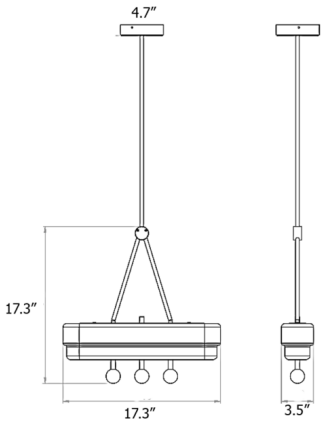

By Bert Frank

Description

The Spate Pendant makes references to Art Deco design while exploring contrasting textures and forms. The acid etched glass shade features a stepped design and softly diffuses light from the integrated LED light source. A row of marble spheres attached to brass rods adorns the bottom of the pendant with a decorative accent. Spate's unique look is both opulent and inviting, making it a perfect statement piece. Dimmable with TRIAC dimmers. Note: Includes a 24V external power supply which requires installation in an accessible remote location. The Overall Height from the ceiling to the bottom of the fixture is not field adjustable and must be specified to order, up to 60 inches. Please include your desired overall height in the Additional Instructions / Notes section during checkout.

Shown in brushed brass / green guatemala

Specifications
