Spate Table Lamp

By Bert Frank

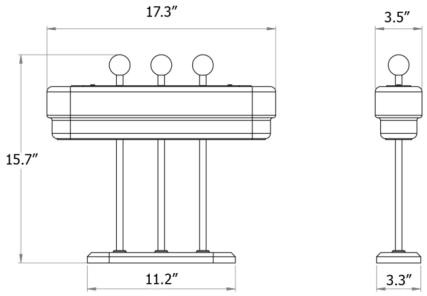

CE

Description

The Spate Table Lamp makes references to Art Deco design while exploring contrasting textures and forms. The acid etched glass shade features a stepped design and softly diffuses light from the integrated LED light source. A row of marble spheres attached to brass rods adorns the top of the lamp with a decorative accent. Spate's unique look is both opulent and inviting, making it a perfect statement piece. On/off switch located on cord.
