Trave Pendant

By Bert Frank

Description

The Trave Pendant will produce soft, ambient light with a two-tiered, opal glass shade surrounding a marble orb. A fluted brass stem with ridged details extends from the top of the pendant to cover the cord and add a decorative accent. Trave's glamorous aesthetic is inspired by the regal, geometric designs of the Art Deco period. Includes canopy to cover standard US junction box. Note: UL certification is available upon request for an additional charge. Please contact our sales team for assistance.
