Trave Table Lamp By Bert Frank

Description

The Trave Table Lamp will produce soft, ambient light with its two-tiered, opal glass diffuser. The top of the lamp is decorated with a marble dome to provide a rich, natural texture, and this shape is repeated in the domed base. The sleek brass stem is accented with ridged details for a textural accent. Trave's glamorous aesthetic is inspired by the regal, geometric designs of the Art Deco period. On/off switch located on cord. Note: UL certification is available upon request for an additional charge. Please contact our sales team for assistance.

Shown in green marble / opal
